

Covenant of the Church of the Eternal Infinite Divine Spirit

Being One with the Eternal Infinite Divine Spirit, we believe that:

1. Each individual BE-ing is free to believe whatever they feel led to believe, as Divine Spirit guides them.
2. Each individual BE-ing is solely responsible for growing and ascending in Love and Compassion, for the highest good of all concerned, as Divine Spirit grows within them.
3. Each individual BE-ing is solely responsible for their own personal life path, as Divine Spirit guides them.
4. Each individual BE-ing is solely responsible for their own Spiritual growth and well being, as Divine Spirit guides them.
5. Each individual BE-ing is solely responsible for their own Emotional growth and well being, as Divine Spirit guides them.
6. Each individual BE-ing is solely responsible for their own Financial situation and well being, as Divine Spirit guides them.
7. Each individual BE-ing is solely responsible for their own Physical health and well being, as Divine Spirit guides them.

Notwithstanding the above principles, each individual BE-ing is free to seek guidance from another, as necessary, as Divine Spirit guides them.

In direct alignment with principle #7 stated above, the United States Federal government has absolutely no US Constitutional authority to dictate anything regarding health or medical guidelines, advice, practices or procedures which would violate our religious conscience.

The US Federal Government has no authority to dictate the purchase of health insurance, despite the unconstitutional ruling of the US Supreme Court, as handed down by Chief Justice John Roberts, in which he stated that paying for Obamacare is not really a fee, nor a penalty -- but rather a tax, and Congress can certainly impose taxes ^{(a) (b) (c)}.

In direct alignment with principle #7 stated above, we believe that absolutely no governmental entity whatsoever has the right, nor the authority, nor the legal standing to dictate:

- how an individual shall seek health or medical advice
- how an individual shall seek or achieve health or medical wellness
- from whom an individual shall seek health or medical advice
- from whom an individual shall seek health or medical practices and procedures
- to whom an individual shall go to seek health or medical advice
- to whom an individual shall go to seek health or medical practices and procedures
- thus, we as members of the Church of the Eternal Infinite Divine Spirit are permanently exempt from anything and everything dictated by the " Patient Protection and Affordable Care Act " ^(d) (colloquially known as "Obamacare"), and any and all affiliated or related legislation, and any and all government regulations derived from or related to any of the above legislation.
